

Call for Expression of Interest for Consideration to be part of the National Pharmacovigilance Centre Technical Support team

The National Pharmacovigilance Centre (NPC), NDoH, is entering Phase II of its national decentralized pharmacovigilance program. We are in the process of expanding our Technical Support team on our database. Reporting to the Director and/or Deputy Director NPC, these part-time positions (a few hours weekly and depending on availability) will provide support to the NPC as follows:

1. Pharmacovigilance Trainers

Qualifications

- MBChB and/or BPharm,
- PG Dip HIV or Postgraduate qualification in clinical discipline such as MMED or PhD, or MPharm or PharmD will be an added advantage

Experience

- 3 years experience in HIV/AIDS and/or TB research and practice
- Demonstrated experience in facilitating training
- May need to travel

2. Biostatistician/Statistician

Qualifications

- Postgraduate qualification in Biostatistics, Epidemiology, Masters in Public Health and/or a relevant Health/Life Science

Experience

- 3 years SPSS, STATA Analytical packages
- Publication in peer-reviewed journals
- MS Excel, Access

3. M&E

Qualifications

- Postgraduate qualification in Social Sciences, Health and/or Life Sciences

Experience

- 1 year experience with SPSS and/or STATA Analytical packages
- At least 2 years experience in M & E activities
- MS Excel, Access or any other database
- May need to travel

4. Case Review Technical/Scientific Writers

Qualification

- Postgraduate Qualification in Health and/or Life Sciences

Experience

- Demonstrated Publication record in peer-reviewed journals
- Production of technical/scientific reports preferably in HIV/AIDS and TB

Remuneration will be based on agreed rates and/or production of key deliverables per Service Level Agreement. For any clarification, please contact dhedaM@health.gov.za and/or kambah@health.gov.za If interested, please submit your CV to npc@health.gov.za with "Phase II Technical Assistance" in the subject line.
