Farewell to Natalie Martyn

The Society bids farewell to Natalie Martyn, who will be leaving our permanent employment at the end of April. Natalie joined the Society in 2007 as the project manager for the Atlantic Philanthropies grant. One of her first achievements was to rebrand and profile the Society. She has since been our in-house style guru.

Natalie is meticulous in her organisational skills and has single-handedly organised the various skills-building programmes at national and regional conferences, which have all been an exceptional success. She was also instrumental in coordinating the Society's guideline meetings and the development of posters and information pamphlets. Natalie, together with our new webmaster, worked tirelessly to redesign our website, which is now an excellent source of information and a pleasure to navigate. She has become a wonderful friend to all of us and has diligently encouraged us to adopt good nutrition and exercise habits (with varying degrees of success).

We are pleased that Natalie will continue to work with the Society on a contract basis and we wish her all the best in her new endeavours.

One Year Later: an analysis of queries received by the National HIV Health Care Worker Hotline from March 2008 – February 2009

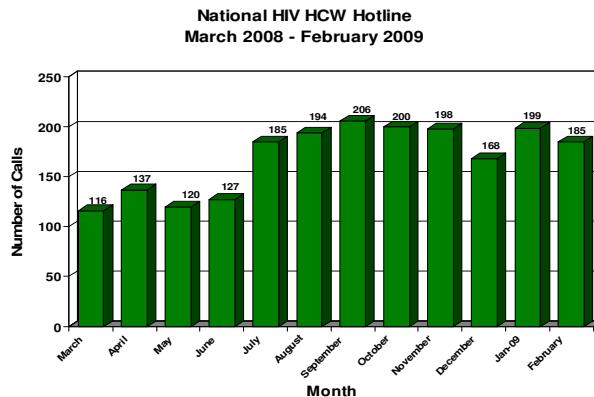

By **Annoesjka Swart**, Manager: Medicines Information Centre, Division of Clinical Pharmacology, University of Cape Town

The Medicines Information Centre, at the University of Cape Town, is the largest centre for drug and therapeutics queries in Southern Africa. It aims to provide unbiased, up-to-date, critically reviewed information to health care professionals to guide safe and rational prescribing. Since March 2008, the MIC, in collaboration with the Foundation for Professional Development and USAID/PEPFAR, has provided a toll-free national HIV hotline to all health care workers in South Africa. The hotline provides clinical information on a broad range of HIV/ARV treatment-related enquiries.

The centre is staffed by four drug information pharmacists. These pharmacists answer queries by accessing electronic information databases, reference sources and a broad network of clinical consultants. The toll-free national HIV health care worker hotline provides information on telephonic, faxed or e-mailed queries and operates from Mondays to Fridays, 8:30am – 4:30pm.

All queries answered by the hotline are entered into an ACCESS™ database, together with information about the caller and origin of the call. Queries are sub-categorised into the following subject areas: Adherence, Adverse Drug Reaction, Availability/Supply, Complementary Medicines, Failure, Resistance, Switching Therapy, Second Line, Interactions, Lactation, Medico-legal, Opportunistic Infections Other than Tuberculosis, Other, Paediatrics, Post Exposure Prophylaxis, Pharmacology (Pharmacokinetics + Pharmacodynamics), PMTCT, Poisoning/Overdose, Porphyrria, Pregnancy, Initiating Therapy, Therapeutic Drug Monitoring, Tuberculosis, Dosage and IRIS.

During the 12 month period from March 2008 to February 2009, 2035 HIV queries were answered by the National HIV Health Care Worker Hotline. There was steady growth in the number of queries answered per month, from 116 in March 2009 to 185 in February 2009 (see graph below). 72% of the queries were received from doctors. 16% and 8% were received from pharmacists and nurses respectively. The majority of calls (72%) came from the public sector, whilst only 28% queries came from the private sector.

The 5 most common query categories over the 12 month period, in order of descending size, were adverse drug events, interactions, opportunistic infections other than TB, switching therapy and tuberculosis.

Before this service became available nationally it was provided to the Western Cape region for three years. As a result, initially many calls were received from the Western Cape (90% in March 2008). This is changing over time, and with marketing. During February 2009, 48% of all queries came from provinces other than the Western Cape. Research is planned to investigate whether, and how, the information provided by the hotline impacts on the management of patients.

CONTACT DETAILS FOR THE TOLL-FREE NATIONAL HIV HEALTH CARE WORKER HOTLINE

Conference Bursaries 2009

13th Annual RUDASA Rural Health Conference

The Society offers bursaries to enable doctors and other healthcare workers to attend the 13th Annual RUDASA Rural Health Conference in Broederstroom, North West Province, from 27 – 29 August 2009.

The bursaries are available to members of the Society, particularly those working in **rural and other under-resourced areas**.

Bursaries will cover the conference registration fee, and each successful applicant will receive the sum of R2, 200.00, to assist with travel and accommodation costs, upon proven attendance at the conference. The Society will organize the registration of successful applicants and pay the registration fee directly to the conference. Please do NOT register for the Conference if you intend to apply for a bursary.

Bursaries will only be awarded to members of the Society members whose annual membership fees have been paid in full at the time of the closing date for applications. **Please note that the Society cannot arrange, or pay for transport and accommodation – this will be the responsibility of the individual.** Bursary recipients who fail to attend the conference after we have paid their registration fees will be required to refund the Society for all expenses incurred.

Closing date for bursary applications: **29 May 2009**

Applicants for the bursaries should submit the following by fax: 086 564 7345 or e-mail: hardyc@sahivsoc.org

1. A brief outline of involvement in the field of HIV in a rural area.
2. A letter of support from applicant's manager/supervisor.
3. A letter detailing a commitment to feed back, to colleagues, information gained at the conference.
4. Contact information, including a telephone, cell number, e-mail address and fax number, and an indication of whether or not you are a RUDASA member.

3. FOUNDATION FOR PROFESSIONAL DEVELOPMENT:

Course Name	Course Dates	City/town	Cost (VAT Incl)
HIV/AIDS Management Course: Given the current state of knowledge on HIV/AIDS management and the fact that anti-retroviral therapy is becoming more affordable, it is now feasible to approach HIV/AIDS as a chronic medical condition. This course will empower clinicians to adequately manage patients with HIV and or AIDS.			
HIV/AIDS Management Course	13-14 June 2009	JHB	R 3,000.00
HIV/AIDS Management Course	8-9 Aug 2009	Pretoria	R 3,000.00
HIV/AIDS Management Course	25-27 Sept 2009	Cape Town	R 3,000.00
HIV/AIDS Management Course	2-4 Oct 2009	Durban	R 3,000.00
HIV/AIDS Management Course	9-11 Oct 2009	Free State	R 3,000.00
HIV/AIDS Management Course	21-22 Nov 2009	Mpumalanga	R 3,000.00
HIV/AIDS Management Course	1-3 Dec 2009	PTA	R 3,000.00
HIV/AIDS Management Course	3-5 Dec 2009	Cape Town	R 3,000.00
HIV/AIDS Refresher Seminar: HIV/AIDS is an ever-evolving discipline and with ARV drugs becoming more affordable, health professionals therefore need to stay abreast with the latest developments. The Foundation for Professional Development, in association with the Southern African HIV Clinician Society, developed this one-day refresher seminar which is targeted at alumni who successfully completed the 3-Day HIV/AIDS Management Course. We encourage all our alumni who completed the 3-day course to enrol on this refresher course so that they have access to the most recent evidence-based information on drugs and the management of HIV/AIDS patients.			
HIV/AIDS Refresher Seminar	30-May-09	Durban	R 1,300.00
HIV/AIDS Refresher Seminar	5-Nov-09	Cape Town	R 1,300.00
HIV/AIDS Refresher Seminar	1-Dec-09	Durban	R 1,300.00
Paediatric HIV/AIDS Management Course: Children with HIV/AIDS are dying unnecessarily because of a lack of access to ARV treatment. The problems arise mainly from a lack of cheap feasible diagnostic tests for children under 18 months, lack of trained health personnel and the affordable child-friendly ARV drugs. Simplified treatment guidelines coupled with a range of fixed-dose combinations of ARVs that require only one or two pills twice a day make it easier to treat HIV/AIDS in adults, but development of simplified drugs for children lags behind. Despite WHO simplified treatment guidelines that specify which drugs to use in children, countries have difficulty in getting simple and affordable combinations of the drugs. Two generic fixed-dose combinations should enter clinical trials this year, and there are frighteningly few second-line ARV drugs available for children in countries with large numbers of infected children.			
Paediatric HIV/AIDS Management Course	8-10 May 2009	CT	R 3,200.00
Paediatric HIV/AIDS Management Course	2-4 Oct 2009	PTA	R 3,200.00
Clinical and Ethical Refresher Course for GP's: The Clinical and Ethical Refresher Seminar is designed to offer a unique learning experience by combining clinical and ethical issues in an effort to help general practitioners to update their skills and knowledge in specific areas. Most healthcare professionals have limited time available to attend clinical programmes. Furthermore, attending individual courses is costly and may be time consuming. The FPD Summer Academy therefore intends to offer healthcare professionals an opportunity to get away, save time and money, gain CPD points for attending this learning experience and get the best of what FPD has to offer.			
Clinical and Ethical Refresher Course for GP's	30/5-1/6 2009	Midrand	R 3,140.00
Clinical and Ethical Refresher Course for GP's	26-28 June 2009	Durban	R 3,140.00

Important Information on CPD Points

Meetings

All Society branch and focus group meetings held in South Africa are accredited with the HPCSA and SAMA. In terms of SAMA guidelines, health care workers who attend accredited meetings will receive one CPD point for each hour of the presentation. In order to receive your CPD certificate from us, you must complete the meeting register at each branch meeting that you attend. **If you do not complete the register in full, or if your details are not legible, we cannot provide you with a certificate.**

Questionnaires

Three points are awarded for the completion of each multiple choice questionnaire in the *Journal of HIV Medicine*, with a pass rate of 70%.

We have now completed our transition to an electronic system. Questionnaires must now be submitted online (via www.cpdjournals.org.za) and not faxed to the Society. **Please note that the closing date for submitting faxed questionnaires from 2008 and earlier editions of the journal was 2 March 2009, and the Society is therefore no longer able to issue certificates for questionnaires from back-issues of the Journal.**

Publications

The Society is always willing to accept articles from authors for consideration for inclusion in the *Journal of HIV Medicine*. Articles should be submitted to the editor online at www.sajhivmed.org.za. Once an article has been submitted, the author will receive an acknowledgement of receipt, and the article will then be subject to a peer review. The authors of all accepted and published articles will be awarded 15 CPD points, and co-authors will receive 5 CPD points. Reviewers of published articles will receive 3 CPD points. We are happy to accept articles from people writing for publication for the first time, and will provide support to first-time authors.

The latest edition of the Journal can be viewed online at: <http://www.sajhivmed.org.za/index.php/sajhivmed/issue> and previous editions are available on the Journal website: go to www.sajhivmed.org.za and click on "Archives".

- The clinic will be staffed by attorneys who make themselves available on a pro bono basis.
- Clients will be consulted on 'first come first serve' basis.
- Attorneys will assist clients with: advice, opinions, non-litigation interventions, alternative dispute resolution, and/or litigation.
- As far as possible, attorneys will attempt to resolve the problems immediately. Where this is not possible, the client will become a client of the relevant firm, and the attorney will finalise the matter on a pro bono basis.

The above guidelines are available from the Society (contact Chloe at 011 341 0162 or e-mail: hardyc@sahivsoc.org). They can also be downloaded from the Society website: www.sahivsoc.org or the SA Journal of HIV Medicine website: www.sajhivmed.co.za

The Society would like to thank the following companies, organizations and donors for their financial support in producing the above guidelines:

ATLANTIC PHILANTHROPIES, ASPEN, CIPLA MEDPRO, PFIZER, THE UNHCR

Internet-based Discussion Groups

The Society currently operates three extremely successful internet based discussion groups:

- **Paediatric Discussion Group (Manager/Moderator: Dr Leon Levin):** Assists healthcare professionals to resolve HIV-related clinical problems through the use of case studies. Difficult and/or interesting cases are e-mailed to group members. Members may respond if they wish and their responses are emailed to all participants. Once a case has been fully discussed, opinions are usually sought from overseas and local experts. To join please send your e-mail address to Dr Leon Levin: leonlevin@54.co.za
- **Adult HIV Discussion Group (Manager/Moderator: Dr Francesca Conradie):** "Don't you ever long for those days when you had time to discuss difficult and interesting cases. Remember when working in a hospital setting you had time to attend M&M meetings. But now, you have a very busy schedule and other things have taken up your attention like practice management and debt collection. We have formulated this case discussion format so in the few minutes that you have to spare in a week for academic pursuit you can access the latest case study. You will have an opportunity to put in your opinion. You can even send me some of your difficult cases and when the time is right I will post them. All you need to do is to send me your name, surname and email address and I will include you on the list." If you wish to join this discussion group, please send your first name, surname and email address to: adghiv@witshealth.co.za
- **HIV Policy and Ethics Discussion Group (Manager: Ms Marlise Richter):** The Discussion Group was launched in October 2006 and currently has over 300 subscribers. Case studies include topics such as the ethics of AIDS funding, HIV in the military, HIV testing, treatment in prisons and Dual Loyalty. To subscribe, please send your name, surname and e-mail address to Marlise at: ethics.policy@gmail.com
