Services Available

IMMUNOPAEDIA

Immunopaedia is a new online South African web-based knowledge and information programme (www.immunopaedia.org.za) designed to assist healthcare providers to better understand immunology. Our mission is to promote knowledge and understanding in the field of immunology with an emphasis on paediatric HIV immunology. Our information and teaching aids are designed to be used by anyone in the healthcare and allied healthcare professions who require guidance in developing a clear understanding of the concepts involved.

Our target audiences are mainly registrars, healthcare professionals, scientists, interns and students as we believe that a greater understanding of Immunology will assist health care professionals in the treatment of HIV/AIDS and other immunological conditions.

Our features include:

- Case studies covering a wide range of immunological based topics. On completion of the multiple choice component, we award continuing professional development (CPD) points,
- Immunology and Virology themes are clearly explained with our original stunning graphics, as well as a corresponding to a case study to better illustrate the link between Immunology and Clinical medicine.
- Daily updated news in the world of HIV/AIDS and immunology, with links to top journals.
- Drug and treatment guidelines,
- An updated Glossary with at-a-glance definitions.

As part of our teaching programme we can hold two hour workshops at various institutions around the country. The workshops take the form of a case study that allows us to explore the underlying immunology behind the presenting case. The workshops are informal and interactive.

Workshops can be booked through the web site or by contacting leandra@immunopaedia.org.za

AIDS LAW PROJECT:**New publication: The National Health Act: A Guide**

This guide contains an annotated version of the National Health Act (NHA) This act is arguably the most important Act passed by Parliament to give effect to the right of everyone to have access to health care services.

The booklet aims to make the National Health Act easily available and accessible to the public generally. It is hoped that by putting the text of the act into the hands of people in communities and organizations, they can start to mobilise to demand full implementation of their rights under the NHA and under the Constitution.

TOLL-FREE NATIONAL HIV HEALTH CARE WORKER HOTLINE

The Medicines Information Centre (MIC) is situated within the Division of Clinical Pharmacology, Department of Medicine at the University of Cape Town's Faculty of Health Sciences. It is the largest and only clinically-based medicine information centre in South Africa and provides information to both public and private sector health care professionals. The MIC in collaboration with the Foundation for Professional Development and USAID / PEPFAR, provides a **toll-free** national HIV hotline to all health care workers in South Africa for **patient treatment** related enquiries.

Tel: 0800 212 506

E-mail: pha-mic@uct.ac.za

Fax: 021 448 0503

The hotline operates from **Mondays to Fridays 8:30 – 16:30**.

TREATMENT ACTION CAMPAIGN

Dear SA HIV Clinician Society Members,

Enclosed is a link to a patient information magazine produced by the TAC, which you may find useful. The magazine is produced regularly, and is of high quality; the latest copy deals with TB in amazing detail.

The link is at: <http://www.tac.org.za/community/files/file/et26.pdf> (be warned, the file is large, so dial-up users may find this frustrating). The magazine can be reproduced without permission except for the photos on pages 3, 30 and 32.

This resource is very useful for those of you who are involved in training, or who have patients requesting additional information. I suggest you distribute the link far and wide. In early November the same magazine will come out in isiXhosa, isiZulu and Sesotho versions.

Due to current delays in Global Fund disbursement, the magazine will not be printed until November. Hard copies in English, isiXhosa, isiZulu or Sesotho can be requested at et@tac.org.za at a cost of R6 per issue.

Questions about the magazine can be directed to the editor, jo@tac.org.za

PROBONO.ORG HIV / AIDS LEGAL CLINIC

94 Pritchard Street, Johannesburg

Tel: 011 336 9510 fax: 011 336 9511

E-mail: esther@probono.org-org

ProBono.Org, a non-profit clearing house for public interest law matters currently operating in Gauteng, provides a weekly legal clinic offering **free legal advice and services** to people experiencing **HIV/AIDS related discrimination**.

The Clinic operates as follows:

- The clinic will open from 9:00 to 12:00 every Tuesday of the year (unless it is a public holiday).
- The clinic will be staffed by attorneys who make themselves available on a pro bono basis.
- Clients will be consulted on 'first come first serve' basis.
- Attorneys will assist clients with: advice, opinions, non-litigation interventions, alternative dispute resolution, and/or litigation.
- As far as possible, attorneys will attempt to resolve the problems immediately. Where this is not possible, the client will become a client of the relevant firm, and the attorney will finalise the matter on a pro bono basis.

PROBONO.ORG REFUGEE LEGAL CLINIC**When:** 9h00 – 12h00 every Thursday**Where:** 9th Floor Schreiner Chambers – South Wing
94 Pritchard Street, Johannesburg
Tel: 011 336 9510 fax: 011 336 9511**E-mail:** phumi@probono-org.org

ProBono.Org provides a weekly legal clinic where refugees and asylum seekers can access free legal advice and services.

The weekly legal clinic operates as follows:

- It is open from 09h00 am to noon every Thursday.
- The clinic is staffed by attorneys from reputable law firms.
- Clients must make appointments, or are seen on a 'first come first serve' basis.
- Attorneys assist clients in any of the following ways: advice, opinions, non-litigious interventions, mediation, and/or litigation.
- As far as possible, attorneys attempt to resolve the problems immediately. Where this is not possible, the client becomes a client of the relevant firm, and the firm will finalise the matter on a *pro bono* basis.

BACK ISSUES OF THE JOURNAL OF HIV MEDICINEThe Society has a limited number of back issues of the Journal of HIV Medicine, available free of charge to members on a first come, first served basis. To order back issues, please contact Chloe at 011 341 0162 or email: hardyc@sahivsoc.org***Congratulations to RuDASA on the Election of a New Committee***The Rural Doctors Association of Southern Africa elected a new Executive Committee at the 12th Annual Rural Health Conference, held from 18 – 20 September 2008 in Beaufort West. Dr Karl le Roux, Chairperson of the new Committee, has worked at Zithulele Hospital on the Wild Coast of the Eastern Cape since November 2006, and is passionate about building quality health care services in rural areas.

We salute the excellent work of the previous Committee, led by Dr Bernhard Gaede, and we wish the new team every success. We are sure that RuDASA will continue to go from strength to strength in its vital task of promoting access to quality health care for people in rural areas, and providing a voice for rural health care workers.

Nutrition Focus Group

The group meets on alternative months, immediately prior to the Johannesburg Branch meetings, at the Glenhove Conference Centre.

If you wish to join this discussion group, please send your first name, surname and email address to fatimas@sahivsoc.org

Important Information on CPD Points**Meetings**

All Society branch and focus group meetings held in South Africa are accredited with the HPCSA and SAMA. In terms of SAMA guidelines, health care workers who attend accredited meetings will receive **one CPD point for each hour** of the presentation (points are not awarded for time spent in registration, refreshment breaks or question and answer sessions). In order to receive your CPD certificate from us, you must complete the meeting register at each branch meeting that you attend. **If you do not complete the register in full, or if your details are not legible, we cannot provide you with a certificate.**

Questionnaires

Three points are awarded for the completion of each multiple choice questionnaire in the *Journal of HIV Medicine*, with a pass rate of 70%.

Publications

The Society is always willing to accept articles from authors for consideration for inclusion in the *Journal of HIV Medicine*. Articles should be submitted to the editor online at www.sahivmed.org.za. Once an article has been submitted, the author will receive an acknowledgement of receipt, and the article will then be subject to a peer review. The authors of all accepted and published articles will be awarded 15 CPD points, and co-authors will receive 5 CPD points. Reviewers of published articles will receive 3 CPD points. We are happy to accept articles from people writing for publication for the first time, and will provide support to first-time authors.

The latest edition of the Journal can be viewed online at: <http://www.sahivmed.org.za/index.php/sahivmed/issue> and previous editions are available on the Journal website: go to www.sahivmed.org.za and click on "Archives".

Conference Bursaries 2009**4th South African AIDS Conference:**

The Society offers bursaries to enable doctors, clinicians and other healthcare workers to attend the 4th South African AIDS Conference in Durban, 31 March – 3 April 2009. The bursaries are available to doctors, clinicians and healthcare staff, working in the field of HIV, particularly in **rural and other under-resourced areas.**

Bursaries will cover the conference registration fee, and each successful applicant will receive the sum of R2, 200.00, to assist with travel and accommodation costs, upon proven attendance at the conference. **NB:** The Society will organize the registration of successful applicants and pay the registration fee directly to the conference. **Please note that the Society cannot arrange, or pay for transport and accommodation – this will be the responsibility of the individual.** Bursary recipients who fail to attend the conference after we have paid their registration fees will be required to refund the Society for all expenses incurred.

Closing date for bursary applications: **13 February 2009**

Applicants for the bursaries should submit the following by fax: + 11 341 0161 or e-mail: hardyc@sahivsoc.org :

1. A brief outline of involvement in the field of HIV in a rural area.
2. A letter of support from applicant's manager/superior.
3. A letter detailing a commitment to feed back, to colleagues, information gained at the conference.

Paediatric HIV/AIDS Management Course: Children with HIV/AIDS are dying unnecessarily because of a lack of access to ARV treatment. The problems arise mainly from a lack of cheap feasible diagnostic tests for children under 18 months, lack of trained health personnel and the affordable child-friendly ARV drugs. Simplified treatment guidelines coupled with a range of fixed-dose combinations of ARVs that require only one or two pills twice a day make it easier to treat HIV/AIDS in adults, but development of simplified drugs for children lags behind. Despite WHO simplified treatment guidelines that specify which drugs to use in children, countries have difficulty in getting simple and affordable combinations of the drugs. Two generic fixed-dose combinations should enter clinical trials this year, and there are frighteningly few second-line ARV drugs available for children in countries with large numbers of infected children.

Clinical and Ethical Refresher Course for GP's: The Clinical and Ethical Refresher Seminar is designed to offer a unique learning experience by combining clinical and ethical issues in an effort to help general practitioners to update their skills and knowledge in specific areas. Most healthcare professionals have limited time available to attend clinical programmes. Furthermore, attending individual courses is costly and may be time consuming. The FPD Summer Academy therefore intends to offer healthcare professionals an opportunity to get away, save time and money, gain CPD points for attending this learning experience and get the best of what FPD has to offer.

3. **MASTER CLASSES IN HIV MEDICINE**

Toga laboratory is hosting a monthly series of master classes in HIV Medicine for those wanting to upgrade their skills and knowledge in the discipline or in preparing for the diploma examinations. The classes are held once a month, the first Friday of the month, at Toga laboratory from 10h00-12h00 (noon) and will be presented by Dr Dave Spencer or Prof Des Martin.

Those who are interested in joining the group (it has been meeting since the beginning of the year) should call to reserve a place:

Ms Lesleigh Beukes at Toga laboratory: 011 663 6313 or Dave Spencer: 011 663 6575. A program (2008/2009) is available on request.

4. **DESMOND TUTU HIV FOUNDATION: ARV MASTER CLASS FOR CLINICIANS**

DATE: Tuesday 25 November 2008

TIME: 08H30 for 09h00 – 16h00

VENUE: Groote Schuur Hospital, Lecture Theatre 2

The day will start with the very latest update on understanding of the HIV associated TB epidemic currently raging in South Africa. We will then cover a veritable fruit salad of key topics in ART management including, among others:

- A guide to ARV resistance
- GI disorders
- Salvage therapy
- Metabolic disorders

Internationally renowned speakers! All the topics are highly relevant to health care practitioners consulting with patients who are on antiretroviral treatment.

Internet-based Discussion Groups

The Society currently operates three extremely successful internet based discussion groups:

- **Pediatric Discussion Group (Manager/Moderator - Dr Leon Levin):** Assists healthcare professionals to resolve HIV-related clinical problems through the use of case studies. Difficult and/or interesting cases are e-mailed to group members who e-mail their responses to all participants. Once a case has been fully discussed, opinions are usually sought from overseas experts. The Discussion Group currently has over 930 subscribers/contributors. To join please send your e-mail address to Dr Leon Levin: leonlevin@54.co.za. You may subscribe directly on URL: <http://www.mylistmanager.co.za/cgi-bin/uls/uls.cgi?ulspop=1476>
- **Adult HIV Discussion Group (Manager/Moderator - Dr Francesca Conradie):** "Don't you ever long for those days when you had time to discuss difficult and interesting cases. Remember when working in a hospital setting you had time to attend M&M meetings. But now, you have a very busy schedule and other things have taken up your attention like practice management and debt collection. We have formulated this case discussion format so in the few minutes that you have to spare in a week for academic pursuit you can access the latest case study. You will have an opportunity to put in your opinion. You can even send me some of your difficult cases and when the time is right I will post them. All you need to do is to send me your name, surname and email address and I will include you on the list." If you wish to join this discussion group which has grown to 375 participants, please send your first name, surname and email address to: adghiv@witshealth.co.za
- **Policy and Ethics issues in HIV Group (Manager/Moderator: Ms Marlise Richter):** The Discussion Group has now been operating since October 2006 and currently has over 270 contributors/subscribers. 11 case studies have been discussed and includes topics such as HIV in the military, HIV testing and Dual Loyalties. To subscribe, email Marlise your name, surname and email address to ethics.policy@gmail.com To view past debates, see: <http://groups.google.com/group/policy-ethics>
